Kelly,
Before I start writing the "serious" stuff, let me say... that's a nice shirt; real nice! Hey, you've been the greatest this year. I'm glad we got to know each other, cause you're a great person, with a personality. Keep that & you'll go far. Take that advice from me, even if you don't take anything else I say seriously. Good luck with the muchachos!

I've got a real sweet girl. It's been nice knowing Q 5 these last few years. Good luck! Love ya, B.B. #1

Hey, Mona Jugs
I'd like to know how big they really are, I know I'll never get to know it. But it is nice to imagine what I can. I still am not losing hope.

Kelly,

What can I say about you and I that hasn't been said before. We've been through a lot and we came out okay. We're always going to have a bond between us, whether we're going together, dating or whatever. You've got a place in my heart that no one can ever knock you out of. You've earned a permanent spot and you did it by being yourself. The sweet, lovable person you are. You were always there for me and I hope to always be there for you. You never really know how much I care for you and I could never express it, well enough. Good luck in everything you do, and remember I'm always here for you.

Lots of Lust + Love Always

Brian

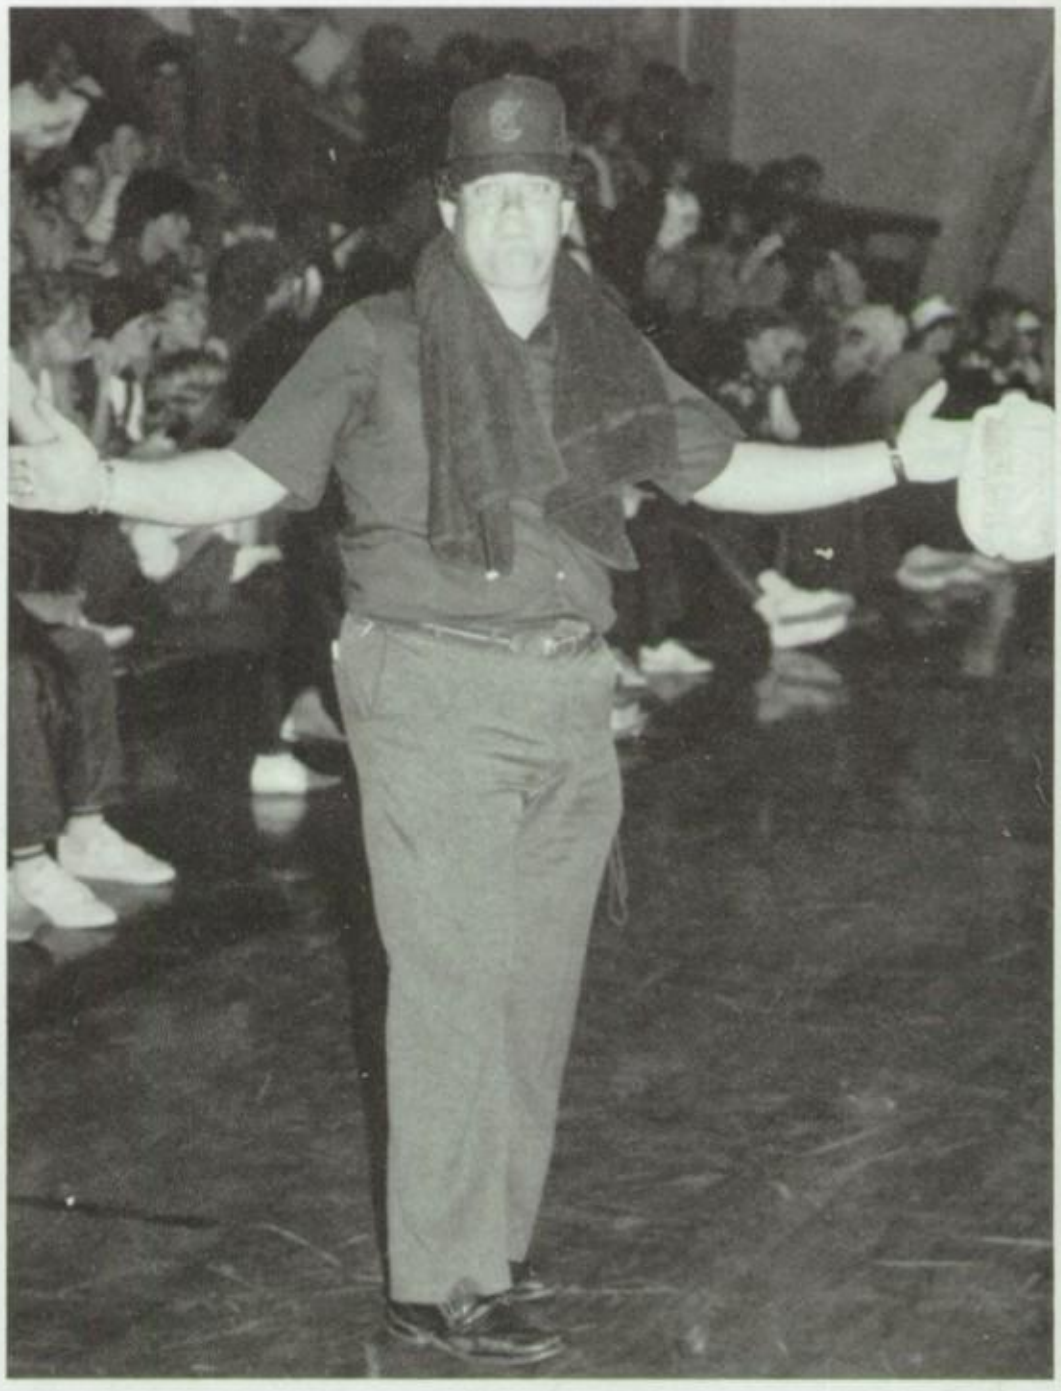
T. DEWITT TAYLOR JUNIOR-SENIOR HIGH SCHOOL
100 EAST WASHINGTON AVENUE
PIERSON, FLORIDA 32080
VOLUME XXII

Paul Timlin



The 1985-86 Coacoochee is dedicated to two special people this year, one of whom is Coach Paul Robert Timlin. Coach Timlin left his impression on everyone with whom he came in contact. His 14 years of involvement with Taylor High included 12 years as head track coach, and 2 years as head varsity football coach. He also served as head of the Driver's Education Department, and was past President of the County Driver's Education instructors. Mr. Timlin was a member of the St. Peter's Catholic church and the Deland Quarterback Club. His colleage and best friend, Tommy Morris, said the following about him: "Paul Timlin was the most unselfish person I have ever known; he would do anything for anybody. He was the type of person that could make you feel important. By just meeting him for the first time you felt like he was a life long friend."

A Dedication

Rae Coleman

The 1985-86 Coacoochee is dedicated jointly to Mrs. Deanna Rae Coleman along with Coach Timlin. Her death this year left Taylor without her helpful and caring personality. The community will remember her for her active contributions in the school and the church. The following quote by her friend, Mrs. Ann Bradley, sums up the sentiments of all at T. Dewitt Taylor Junior-Senior High School.

"Rae was and, in my memory, still is, one of my most cherished friends. She was always there when you needed her. She was willing to help, to listen or to offer advice."

"Our school, along with her family, lost a very dear individual that we will miss forever."

"When sorrows come, they come not single spies, but in battalions."

No two persons are alike, filling the world with variety. Although we share common experiences, we handle them differently. Considering our backgrounds and interests, there is a broad spectrum of persons at T. DeWitt Taylor Junior-Senior High School. However, even though our personalities make us peerless individuals, we have in common the unique and unsurpassed bond of spirit.

Taylor's pep rallies are the most predominate form of spirit. Numerous rewards result from the opportunity to gather and cheer our teams to victory. We inspire our teams to give it their all and we have the chance to associate and grow together.

However, there is a quieter gender of spirit that exists at Taylor, and it comes from friends helping each other, working together to achieve a common goal, and caring about each other. It is not seen and sometimes not talked about, but it still exists, permeating the air and enlivening all who come in contact with it.

We are all very special and exceptional in our own way. Here at Taylor, spirit has a place in the hearts of all, as individuals and as a whole. It is the same spirit that puts our school at the "Top of the Charts."

1985 Mr. & Miss

Each year, following tradition, the student body and a select panel of judges choose two seniors to receive the coveted title of Mr. and Miss Taylor High School. This year, ten contestants spent the week before Homecoming '85 filling out entry forms, being interviewed by judges, attending a banquet given by the Fellowship of Christian Athletes, and rehearsing for the Mr. and Miss T.H.S. pageant.

When the end of the week rolled around, it was apparent that all of the hard work would pay off richly. At the pageant, each contestant displayed his/her flair for fashion by modeling formal and casual wear. The talent segment made the competition even closer as contestants sang, danced, performed skits, and played musical selections. The judges had a difficult task in front of them.

During Homecoming week, everyone was kept guessing at who would become Mr. and Miss T.H.S. The waiting continued until halftime activities during the Homecoming game against Green Cove Springs. Under the bright lights of Swanson Field and watching eyes of a large home crowd, Brandon Turner and Lauren Ross were crowned Mr. and Miss Taylor High School — a perfect ending to Homecoming '85.

Faculty is something we can't do without,
They're all experienced in life and they
know what they're talking about.
It's nice to see their smiling faces,
People of all creeds, religions, and races.

If it weren't for them where would we be,
They keep the school running in the face of
calamity.
Not to in anyway put down the students of
Taylor,
You must admit having a faculty like ours is
always in our favor.

All the faculty members keep on keeping on.
Long after the present students have graduated
and gone,
So to all the faculty and all that you do,
Remember our hats are eternally off to
you.

Whether its Football, Softball, Volleyball, Cheerleading, or Basketball, Taylor freely expresses the fine art of sportsmanship to a "T." Losses quickly forgotten in the presence of triumph, as we reap the benefits from afternoons of treacherous practice sown. "Thanks for the Memories, Wildcats!"

Designing a yearbook that would reflect the accomplishments, failures, tears, and laughter of the past school year was definitely more work than we, the *Coacoochee* staff, had ever imagined. Between consuming numerous bottles of white out, making endless corrections, learning to take and crop pictures, and meeting deadlines, we were afraid we would not make it. However, each time we met a deadline, we knew we were one step closer to producing the best yearbook this school has ever seen. Now that the finished product is here, we hope you find as much enjoyment thumbing through the pages as we did making it. One can not imagine the pride we feel being able to share some of the best memories of life with you and to cherish them in the 1986 *Coacoochee*.

Before we go, the *Coacoochee* staff would like to thank a few people who added much to the success of this yearbook. First, a round of applause to our advisor, Polly Steeves, for surviving her first year at Taylor so well and giving her time and effort to this Coacoochee, despite not knowing all the difficult work involved. A special thanks to Don Schaeffer for the many photographs he took, McClester Photography for patience, cooperation, and beautiful work on the cover, and Mr. Bolin, our yearbook representative, for answering and solving our many questions and problems. Last, but definitely not least, we would like to thank the students and faculty at T. DeWitt Taylor High School for giving us a reason to work so diligently on the best yearbook ever. There is no doubt, YOU ARE AT THE TOP!!!

Sincerely,
The 1985-86 Coacoochee staff

Dear Ashley,

There is so much excitement about you that it's hard to imagine being without you. Ashley is love. Every family should experience an "Ashley" for a daughter.

Sharing the precious "first times" in your life was worth more than all the gold on earth. There were good times, bad times, laughter and tears, but we shared them together as friends.

One moment followed another until, at last, our Ashley matured into a beautiful, intelligent young lady who we can be proud of. Your smile, thoughtfulness, and love will be missed. As a family, we always had time for you. You were raised with love, honor, and respect. We shared our beliefs and values with you.

It's time to let you go to achieve the goals you've set for yourself. Ashley, you control your own destiny. You can be whatever you want to be, just don't be afraid to make a mistake along the way.

We will *always* love you and need your love and friendship. The hardest thing we must do as a family is to let you go, but the memories will remain forever.

Love, Dad, Mom and B. B.

Kelly,
Thanks for all the help you've given me in the past and all the help you and your friends (Debbie, Tom, & Mark) give in the future. I really do appreciate it. Keep up the good work! And keep bringing our #1 basketball fans (your mom & Coach Stowers) the same.
Have a great summer & always remember all our great memories as Sophomores & always remember all our great memories & always remember all our great memories & always remember all our great memories

Yo Baby,
Well as everyone says, we made it through this (another) year. It may have sucked, but we handled it. Just think next year and the year after will be the best. No matter what happens we have to try our hardest to make them the best! We have been crazy sophomores this year, and we don't want to change in the next few years - we have to remain crazy and party 'cause after that we will have to start life - yuck. Unless college... As I said up there we've had a rough year. I know we're not as close as we used to be, but maybe that'll change, but we'll have to change it ourselves. Even I'm sorry for any heartache I may have caused you and I hope that you will forgive me (please?) Well, that's enough of that. Remember all the good times we had this year - Mrs. Weitse (Geometry yah!), Mrs. Berg and stay cool (Anyhu) And Ronnie! (Anyhu) Love ya, Steph Bresser 5-22-86

We're number one Class of '88

P.S. Maybe next year I'll be able to forget you know since they won't be here anymore! - I don't understand why I like someone I don't know?

Go Gators!

Hey, have a really sweet summer. Good luck.

Kelly, 5-23-86

I am very glad to have known you this year. It has been great seeing your face a lot more lately. Stay cool & don't wreck your car!! HA HA!
